We have no doubt that you have the talent, drive and determination to pursue your dreams and we will always be there for you. We love you to the moon and stars and back!

Alex Wolfthal

March 1999- We brought you home from the hospital, put you in the cradle in our bedroom, looked at each other and asked, "Now what?"

Fast forward 18 years- We'll deposit you at college in September, come home, look at each other and ask, "Now what?"

We're not sure if you kept us young or made us older...

Abigail Blatchford

Abigail,

It has been a great joy to watch you grow. You came into the world sure of yourself, confident, bright, strong and beautiful. We have worked to provide you with opportunities, and you have taken advantage of them.

You turned your joy of movement into the graceful flow of ballet. You are a strong and powerful gymnast. You turned your native intellect into a tool that will unlock a promising career in science and engineering and math. You turned your early beauty into a smile that fills our hearts and lights up a room.

You have become a wonderful woman. We are so proud of you. Keep reaching for the stars. They are there for you...

Your loving parents,
Sandra and Carl

Noah Henkenius

Dear Noah,

It has been a pleasure and an honor watching you grow up...

You were excited for your first day of school

You wanted to be a fireman

You wanted to run the Iditarod sled dog race in Alaska

You wanted to be bigger than your sister (mission accomplished)

You wanted to join the service

You have so many interests to pursue on your next journey; theater, environmental science...

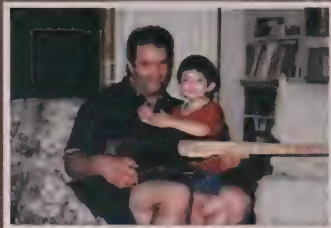

No matter what the future holds, keep climbing rock walls, leaping from trees, and just one thing I hope never changes:

YOU BE YOU!

Congratulations!

Love,
Mom

Molly Valente

Congratulations Molly for being the New Hampshire State National Barrel Horse Youth State Champion.

To be a champion, you had to sacrifice a lot.

You traded skinny for muscle, parties for competitions, heels for boots, sleep for early mornings, and a social life for horses. Keno knows your dedication, determination and love for him, and that is why you and Keno are an amazing and unbeatable team.

We admire you and are in awe of your tenacity to overcome obstacles. Sometimes the best thing that you can do is not think, not wonder, not imagine, not obsess. Enjoy the next chapter of your life at Bridgewater State University.

Just breathe, you got this!
All our love, Mom and Dad.

Julia Roy

Julia,

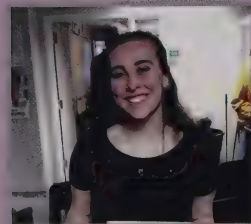

You have been a gift to me from day one. My baby girl! A bundle of joy! As a parent, you always desire the best for your child in hopes of a bright future. You guide them to dream big and teach them the lessons of life, hoping to steer them in the right direction. You are definitely heading in the right direction! You have accomplished so much in so little time. All of your hard work is paying off. You have grown into a smart, beautiful, driven, outgoing, amazing young woman. As you journey on your path and continue to figure out your direction, please know I am here for you every step of the way. Thank you for being there for me, too. I could not ask for a better daughter than the one I was blessed with. Happy Graduation!! You did it!

I love you with all I have.

Mum

Julia,

A father could not be more proud of his daughter for all you've accomplished. A future of dreams and wonderment are upon your doorstep. You will shine like the stars in the sky.

Love Always,
Dad

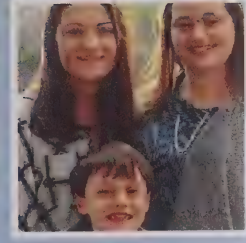

Julia,

With the ups and downs we always seem to go through...I can't imagine a life without you. You are a highlight of my world!

Love,
Mark

Madison Mark

Madison Rose (Maddy)

Dad and I could not be more proud of you. You have come so far and your journey is just beginning. Long gone are the days of: Bob the Builder birthday parties, earning Thomas trains for you know what :), riding on the mower with Grampa, sitting on Papou's lap driving the boat, hanging out with Yiayia in your pink work boots, playing with Fuller every day at nana's house, helping dad in the yard, sitting with mom sucking your thumb and cuddling and all the fun you had playing outside by yourself. Once Ava came, you met your match and decided it would be a great time to break your little arm (the first time) maybe you needed some attention? When Cooper arrived, you were so happy to have a little brother to build Legos with and have been a great big sis! Watching you take your siblings to "squad out" and creating a group chat that includes Cooper with his iPod is such joy for us as your parents. We want you to remember you can do anything you put your mind to and remember not to let doubt or fear get in the way of achieving your dreams. If you start to worry remember Dad's songs for Madison..... You have become such a strong, beautiful, mature young woman and the opportunities that lay ahead for you are boundless. We hope you grab hold of as many as you can.

Follow your heart and remember we are here for you always and forever.

My wish, for you, is that this life becomes all that you want it to,

Your dreams stay big, your worries stay small,

You never need to carry more than you can hold,

And while you're out there getting where you're getting to,

I hope you know somebody loves you, and wants the same things too,

Yeah, this, is my wish. -Rascal Flatts

Julia Studley

Congratulations to our daughter on graduation day. From the time when you were just a little girl, through all these years and especially today, you've always given us reasons to hold our heads up with pride. Remember as you leave here that this is not the end, it is only the end of your beginning. Do not cry because it's over, smile because it happened. Time flies! Make each day count and leave your mark on it. For 12 years you've worked very hard at laying a strong foundation for the next stages of your life. These next few years you will begin to build on that foundation. When you head off to college in the fall, always remember you are capable of great things. Experience is the best teacher, but it is also the most expensive. Treasure it. Live. Laugh. Love. Over the last 17 years, we've watched you grow from a bright-eyed little girl, into a caring, compassionate, and determined young woman. It's been amazing to watch, we will always be here, cheering you on from the sidelines.

We are so very proud of you Julia.

Love,

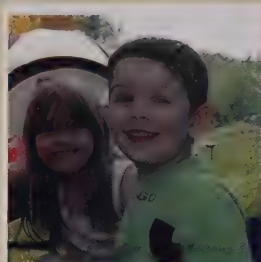

Mom and Dad

We are beyond proud to call you our daughter. We wish we could give you the ability to see yourself how we see you. Your strength, your independence, your kindness, your beauty inside and out. As you begin the next chapter of your adventure in your journey of life, we want you to remember we will always be your confidants, your biggest fans, your protectors, and your defenders. Remember to choose your battles wisely, stop to help someone along the way, listen to your heart, take risks, and ALWAYS remember how much you are loved. We are grateful for the opportunity to watch you grow into such an amazing woman.

We are full of Love & Pride, Mom and Dad

"May today there be peace within. May you trust that you are exactly where you are meant to be. May you not forget the infinite possibilities that are born of faith in yourself and others. May you use the gifts that you have received, and pass on the love that has been given to you. May you be content with yourself just the way you are. Let this knowledge settle into your bones, and allow your soul the freedom to sing, dance, praise and love. It is there for each and every one of us"

CLASS OF 2017

NICHOLAS MARIO ARIETA

Keegan McCarty

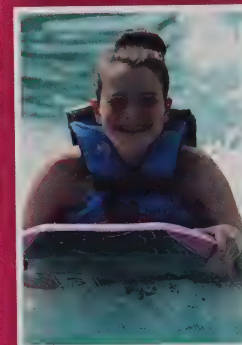

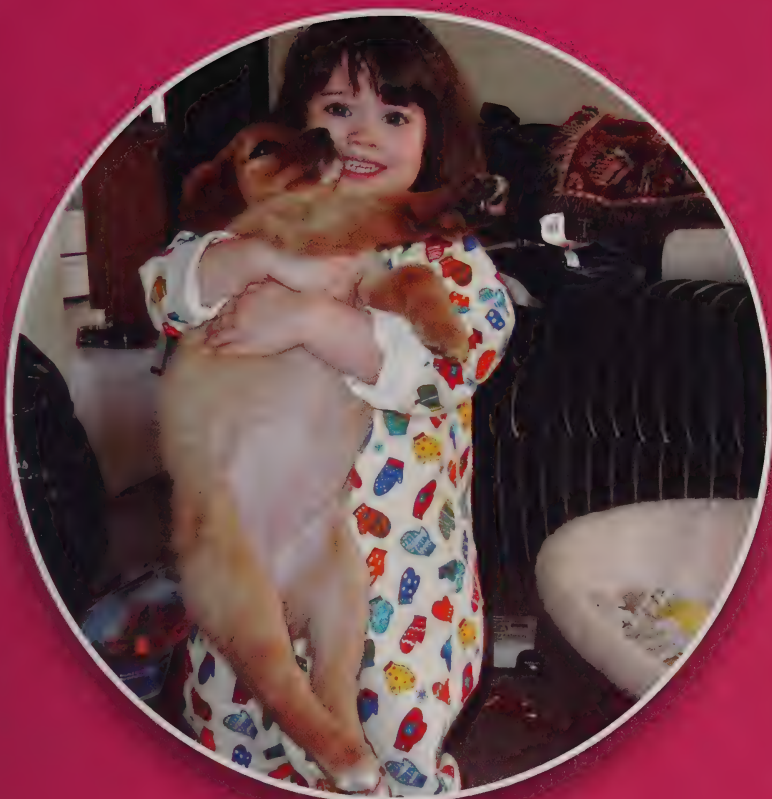

Keegan,

We are so proud of the man you have become. From the moment you entered our lives you have brought us nothing but pure joy. You have such a great sense of who you are as a person, and the morality to back it up! Your sense of humor, your generous heart, your strong faith and the level of pride you take in your integrity are some of the qualities that will see you through college and years beyond. A foundation must have a solid base to ensure it can hold whatever is set on top of it. Your teachers, coaches, friends and family have all helped to ensure you were given the tools to build your own foundation. As your parents, what we are most proud of is that you implemented these tools successfully and have the opportunity now to structure your life's work on such a solid foundation; a foundation you should be proud of building!

Stay true to yourself, your faith and beliefs, and remember most of all that WE LOVE YOU!!!

Love, Mom, Dad, and Maggie too

BRITTANY GAGNON

Brittany Marie Gagnon. What an awesome experience and privilege it has been being your dad! From the time I brought you home, when all I could do is hold you and stare at you for hours, to the toddler years of watching you learn the basics, to the teenage years of discovering yourself, to becoming the amazing young adult you are! I am often in awe of how you take on life's test and trials and despite the odds, get things done. Watching you dance over the years has never failed to take my breath away and bring a tear to my eye. I am confident you are ready to move on and take on life's next set of challenges. I am so proud of you! Love, Dad

Olivia Taber

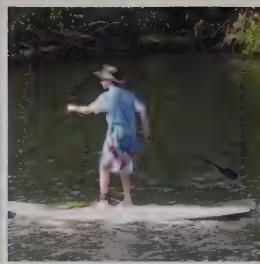

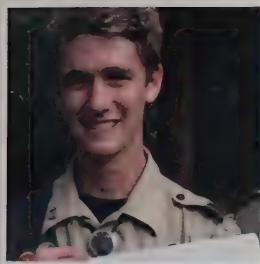

Congratulations, Tori! I am so proud of your accomplishments and the woman you have become. You were my 'sunshine' as a little girl, and still are today. I cherish the memories of you singing at the top of your lungs on the swings, you making 'furniture' out of wood completely by your own hands, our morning walks on the beach in Ocean City, and binge-watching sci-fi series with you. I look forward to seeing you succeed in college and beyond.

Love, Dad

SKYELER MCNEIL

Skyeler Jane (Juan) McNeil, it seems like just a second ago you were born. A feisty, stand your ground girl who filled our world with love and wonder. From searching for salamanders in the backyard, climbing trees, and flipping crudité to an amazing dancer and hardworking student, you insisted on doing things your own way. You have always been fearless- riding the largest roller coasters you could find, dancing solo on stage, and loving the crazy lawn mower rides with your sister. Dance has been a passion for you since stepping on stage at the age of three; refusing to leave once your performance was over. Your drive, determination, kindness and sense of humor make us so very proud of the young woman you've become. Congratulations on your accomplishments! All our love, Mom, Dad, Eden (Jesus), O'Mally, Primrose, all the Fur Babies & the "Rapid" Squirrel.
